

New Source Review newspaper advertisements for construction permit applications, April 15, 2004. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: April 13, April 14, or April 15, 2004. Public notices are generally published every two weeks. The previous publication of public notices was March 30 – April 1, 2004.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

FIRST APPLICANT

The first applicant is Falcon Products, Inc. with a mailing address of 810 West Highway, Newport, TN 37821. They seek to obtain an air contaminant permit (Division identification number: 15-0009-19/57160) for construction of a Fiberglass and Gelcoat Operation at the same address. This proposed operation would consist of five (5) spray booths used in the manufacture of furniture products. Exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. S. Shukla is the assigned Division person.

SECOND APPLICANT

The second applicant is Erby Contractors Inc. with a mailing address of P.O. Box 701, Newport, TN 37821. They seek to obtain an air contaminant permit (Division identification number: 15-0089-01/57223) for construction of a Concrete Batch Plant at 744 Lower Quarry Road, Newport, TN 37821. This proposed operation would consist of a cement silo, a flyash silo, and associated equipment used in concrete batching. Two (2) baghouses would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Martin is the assigned Division person.

For the Cocke County "Newport Plain Talk"--published once on or before Thursday, April 15, 2004.

The applicant is C & O of Middle Tennessee, LLC with a mailing address of 1183 Petty Road, White Bluff, TN 37187. They seek to obtain an air contaminant permit (Division identification number: 22-0114-01/57172) for a Surface Coating Operation located at 1183 Petty Road, White Bluff, TN 37187. This existing operation consists of an air atomized spray gun/roller and associated equipment used to apply resin/gelcoat to boat hulls. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There

would be no physical construction. Regulated air contaminants are emitted by this source. Mr. W. Medley is the assigned Division person.

For the Dickson County "The Dickson Herald"--published once on or before Thursday, April 15, 2004.

The applicant is Basell USA, Inc. with a mailing address of 1035 Flex Drive, Jackson, TN 38301. They seek to obtain an air contaminant permit (Division identification number: 57-0213-04/57201) for modification of a Material Loading and Unloading Operation located at the same address. This existing operation consists of silos and associated equipment used to store raw materials and finished products. Baghouses are used for pollution control. The requested modification is for the addition of three (3) new silos. There would be physical construction. Regulated air contaminants emitted by this source would increase. Mr. J. Fuss is the assigned Division person.

For the Madison County "Jackson Sun"--published once on or before Thursday, April 15, 2004.

The applicant is A & D Meat Processing with a mailing address of 2900 Ezell Road, Chapel Hill, TN 37034. They seek to obtain an air contaminant permit (Division identification number: 59-0092-01/57198) for construction of an Incinerator at 2830 Ezell Road, Chapel Hill, TN 37034. This proposed operation would consist of an incinerator unit and associated equipment used to dispose of animal carcasses. Number 2 fuel oil would be used for fuel. An afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Fuss is the assigned Division person.

For the Marshall County "Lewisburg Tribune"--published once on or before Thursday, April 15, 2004.

The applicant is Forest Flavors International, Inc. with a mailing address of P.O. Box 444, Glasgow, KY 42142. They seek to obtain an air contaminant permit (Division identification number: 67-0053-01/57224) to modify an existing Sawdust Drying Operation located at 4890 Cookeville Highway, Rickman, TN 38506. This existing operation consists of a rotary sawdust dryer and associated equipment used to produce dried sawdust as a feedstock for two (2) rotary furnaces. The requested modification is to replace an existing rotary dryer (0.75 ODT/hr) with a larger capacity dryer (3.1 ODT/hr). Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be physical construction. There would be an increase in the regulated air contaminants emitted by this source. Mr. W. Medley is the assigned Division person.

For the Overton County "Livingston Enterprise"--published once on or before Thursday, April 15, 2004.

The applicant is Rinker Materials South Central, Inc. with a mailing address of P.O. Box 2389, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number: 90-0123-01/57193) for modification of a Rock Crushing Operation located at 182 Asphalt Plant Road, Jonesborough, TN 37659. This existing operation consists of crushing, screening, and milling equipment, conveyors, storage piles, and associated equipment used to produce crushed stone. Wet suppression is used for pollution control. The requested modifications are the installation of new equipment, updating design rate information, and replacement of the source's operating hours limit with an annual production cap. There would be physical construction. Regulated air contaminants emitted by this source would increase. Mr. T. Blake is the assigned Division person.

For the Washington County "Johnson City Press"--published once on or before Thursday, April 15, 2004.

The applicant is Rocky Point Rock with a mailing address of 3230 Tom Holt Road, Clifton, TN 38425. They seek to obtain an air contaminant permit (Division identification number: 91-0073-01/56989) to construct a Rock Crushing Operation at 1149 Ross Creek Road, Clifton, TN 38425. This proposed operation would consist of crushed rock storage piles, conveyors, and a rock crusher. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. R. Benjamin is the assigned Division person.

For the "Wayne County News"--published once on or before Thursday, April 15, 2004.
